

Important Settings When Preparing a Quizmaker Quiz for Blackboard

Knowledge checks are easy and usually don't require tracking or reporting to Bb. However, when you need to populate the Bb Grade Center with learner scores, there are several settings to keep in mind in Articulate and in Bb. This list may seem onerous at first but the options are fairly straightforward once you are familiar with them.

In Articulate Quizmaker:

Check Resume settings:

1. In the publish settings Click 'Player'.

2. Click 'Other'

3. In resume settings choose 'Always Resume'. This is the option to choose if you do **not** want the learner to review the quiz from Bb after taking it. The other settings will allow the learner to review the quiz if they like, but not allow them to necessarily see or update their answers (The functionality to repeat quizzes is controlled in the results slide and in Bb.)

4. If the quiz is part of a Presenter presentation, follow the same steps 1-3 in Presenter (the Articulate tab in Powerpoint). Go to publish tab in presenter, click player etc..

Check Menu Feedback:

1. Again in Quizmaker and in the Player Settings

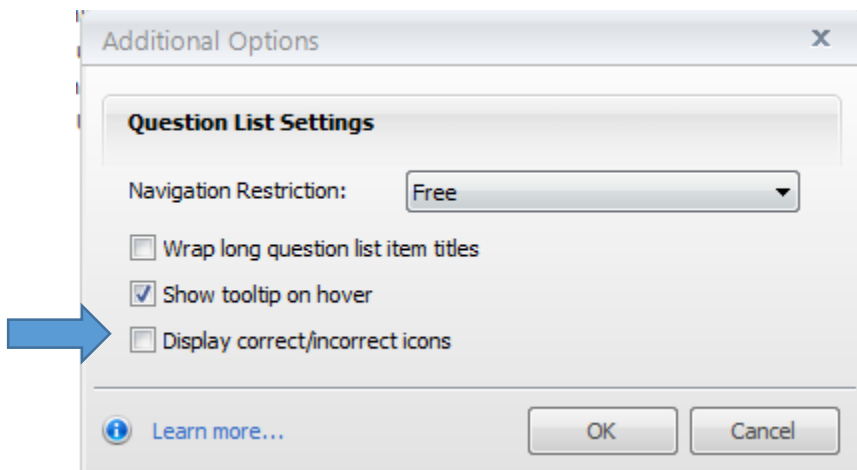

2. Click 'Question List'

3. Click gear icon in lower right

4. See 'Display correct/incorrect icons'. This controls the feedback in the question list on the left hand menu. Leave it checked if you want learners to see if they answered correctly, if not uncheck this option to hide the feedback.
Alternatively, you could hide the entire question list if you like (This is controlled under the features tab next to the question list tab.)

Check Results Slide Settings:

1. Be sure you are in question view (as opposed to slide or form view).

| Question | Attempts | Points |
|-------------------------|----------|--------|
| Question Group 1 | | |
| 1 | 1 | 15 |
| 2 | 1 | 5 |
| 3 | 1 | 5 |
| 4 | 1 | 10 |
| 5 | 1 | 10 |

2. Click on 'Edit result'

3. Here you can edit all of the behavior of the final 'Results' slide of the quiz. This includes feedback and learner review. Be sure to check the failure and success layers to confirm they have the feedback you require. Click [here](#) for detailed information.

Result Slide Options

Result Type
Graded

Success Options

- Show user's score
- Show passing score
- Allow user to review quiz
 - Show correct/incorrect responses when reviewing
- Allow user to print results
 - Prompt the user for their name before printing
- Allow user to retry quiz
 - Retries: Unlimited

When the user finishes the quiz:

- Close browser window
- Go to URL: http://

Feedback Layers

- Failure
- Success
- Results Slide

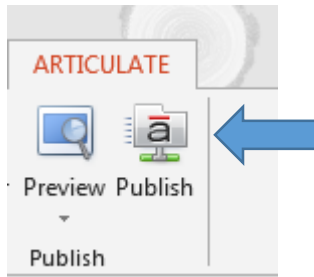

Check Feedback Layer Settings:

The screenshot shows the 'Question' settings panel. At the top, there are two tabs: 'Form View' and 'Slide View', with 'Slide View' being the active tab. Below the tabs, the 'DISPLAY' section contains two dropdown menus: 'Feedback:' set to 'By Question' and 'Shuffle:' set to 'None'. The 'SCORING' section contains two dropdown menus: 'Score:' set to 'By Question' and 'Attempts:' set to '1'. A blue arrow points to the 'Feedback:' dropdown. Below the main settings, there is a 'Feedback Layers' section with a dropdown arrow. It contains three layers: 'Incorrect' (with a yellow background and a red 'X' icon), 'Correct' (with a yellow background and a green checkmark icon), and 'Untitled Slide' (with a yellow background and an eye icon). A blue arrow points to the 'Feedback Layers' section.

By default, a popup feedback window will appear after the learner answers each question. This will give the learner customizable feedback based on their response. You can customize these slides on the layers above and in the 'Feedback Master' section in the view menu. To disable this feature, under display, change feedback from 'By Question' to 'None'.

In Articulate Presenter (The Articulate tab in Powerpoint):

1. Click on the publish settings.

2. Deselect 'Use Articulate Mobile Player for iOS and Android'.

3. Choose SCORM 1.2

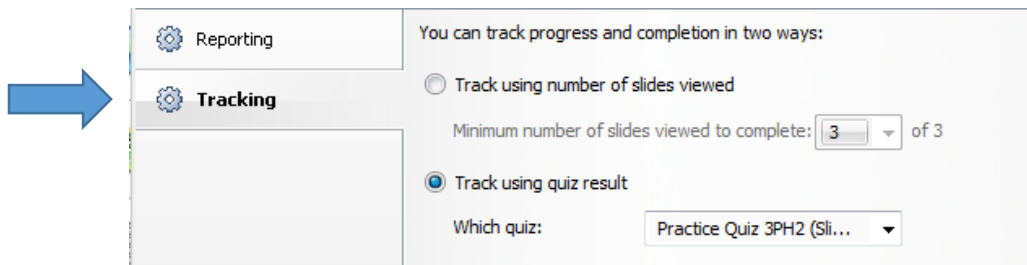

4. Click 'Reporting and Tracking', be sure 'Reporting' options are chosen on the left.

5. Choose Passed/Failed from the LMS Reporting dropdown.

6. Switch from 'Reporting' to 'Tracking' options on the left.

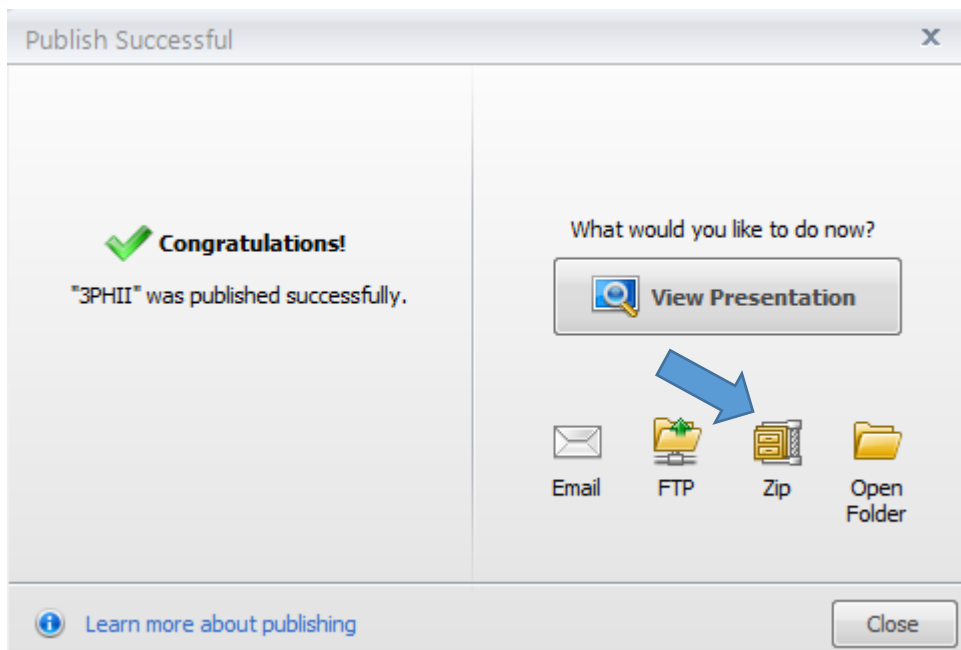

7. Here you can choose what will be reported. You can track number of slides viewed or the score of **one** results slide. Results slides are automatically generated at the end of each quiz. When done Click OK. Note: if you are using Storyline, you can track multiple quizzes. If you need this functionality, please contact CAPE for details.

8. Click Publish

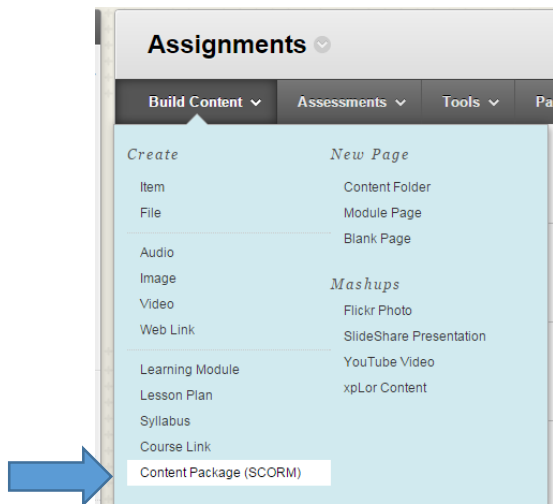

9. Choose Zip, then choose where to place the Zip package on your computer. This is the file you will upload to Bb.

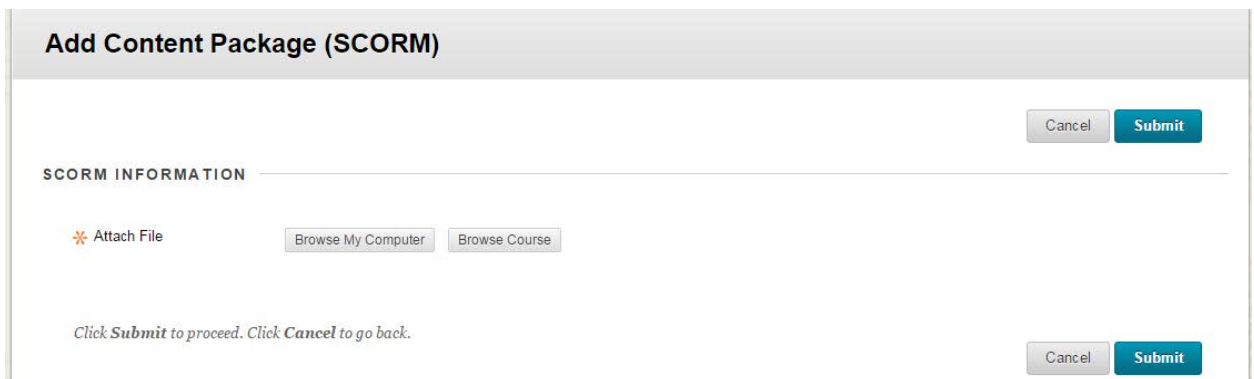

In Blackboard:

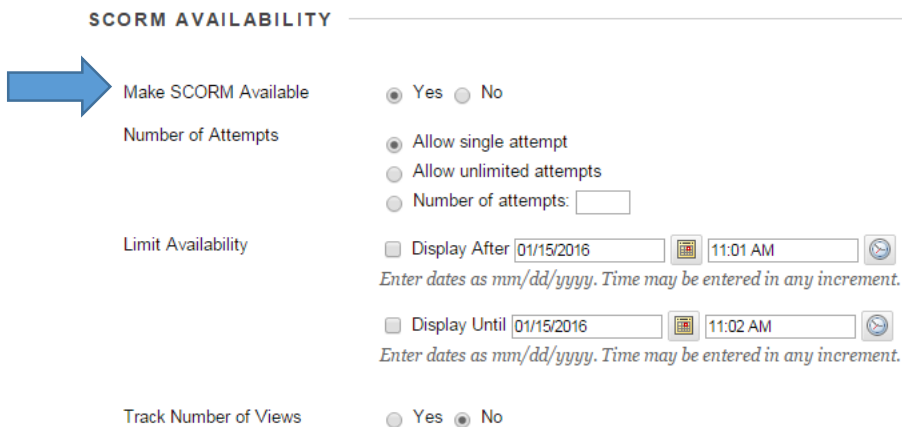

1. Go to Build Content >Content Package (SCORM)

2. Find your Zip file using 'Browse My Computer', then submit

A screenshot of the 'Add Content Package (SCORM)' form in Blackboard. The form has a header 'Add Content Package (SCORM)' and two 'Submit' buttons. Under 'SCORM INFORMATION', there is an 'Attach File' section with 'Browse My Computer' and 'Browse Course' buttons. Below this, there is a note: 'Click Submit to proceed. Click Cancel to go back.'

3. Make SCORM available to students and choose the availability settings you wish to use.

A screenshot of the 'SCORM AVAILABILITY' settings form. A blue arrow points to the 'Make SCORM Available' option, which is set to 'Yes'. Other settings include 'Number of Attempts' (set to 'Allow single attempt'), 'Limit Availability' (with 'Display After' and 'Display Until' options), and 'Track Number of Views' (set to 'No').

SCORM AVAILABILITY

Make SCORM Available Yes No

Number of Attempts Allow single attempt
 Allow unlimited attempts
 Number of attempts:

Limit Availability Display After
Enter dates as mm/dd/yyyy. Time may be entered in any increment.
 Display Until
Enter dates as mm/dd/yyyy. Time may be entered in any increment.

Track Number of Views Yes No

4. Leave these settings as they are.

GRADING

If a Due Date is set, submissions are accepted after this date, but are marked late.

Grade SCORM

- No Grading
- Grade : Points Possible: Title:
 - SCORM Score
 - SCORM Completion
 - SCORM Satisfaction

Due Date

Enter dates as mm/dd/yyyy. Time may be entered in any increment.

Grade SCOS

- Yes
- No

Grade Timing

- When SCORM is completed, display score in Grade Center
- When SCO is completed, display score in Grade Center:
 - Grade of First SCORM Attempt
 - Grade of Last SCORM Attempt

*Click **Submit** to proceed. Click **Cancel** to go back.*

Now you may test the quiz under your instructor account. It is also helpful to have a student account created to test the gradebook behavior. If you are concerned or have any questions, please contact Adam Hain in CAPE ahain@westernu.edu. If needed, I will test the quiz as well for its gradebook behavior.
